Sponsorship Opportunity for IndoNLP Workshop, Collocated with COLING 2025 in Abu Dhabi, UAE

IndoNLP: The First Workshop on Natural Language Processing for Indo-Aryan and Dravidian Languages will be held on January 20, 2025, collocated with COLING 2025 in Abu Dhabi, UAE.

The IndoNLP workshop aims to bring together researchers, practitioners, and industry experts to discuss cutting-edge advancements and challenges in Natural Language Processing (NLP) for Indo-Aryan and Dravidian languages. This field is crucial for enhancing language technology, especially for underrepresented linguistic communities in the global AI landscape. The workshop will serve as a platform to foster collaboration, share insights, and showcase new technologies and research for these languages.

Given the growing interest in NLP and the increasing relevance of AI in South Asia, this event presents a unique opportunity for sponsors to gain visibility and support innovation in a burgeoning field. We are seeking sponsorship to help ensure the success of this event, and we believe your organisation's involvement would be mutually beneficial.

Sponsorship packages offer various opportunities for branding, recognition, and engagement with an audience that includes leading academics, researchers, and professionals in the field of NLP and AI.

Benefits for sponsors include:

- Brand exposure through workshop materials, banners, and online platforms.
- Networking opportunities with researchers and professionals from academia and industry.
- Product or service showcase to a targeted audience that is focused on language technology and artificial intelligence.
